Truly Organization Chart

Truly International Holdings Ltd.

Founded in 1978 in HK with a history of 37 years Listed in HK Stock Exchange in 1991 (stock code:00732.HK)

Truly Semiconductors Ltd.

Main Business: Small&Medium Size TFT, STN/TN LCD, **PMOLED**

Truly Opto-Electronics Ltd.

Main Business: Touch Panel. CCM, Optical Bonding, Fingerprint Identification, **Precision Glass**

Truly(Huizhou) Smart Display Ltd.

Founded in 2013

G4.5 AMOLED (rigid/flexible display) G4.5 TFT(for automotive ,industrial & medical application)

Truly Instrument Truly Industrial Ltd

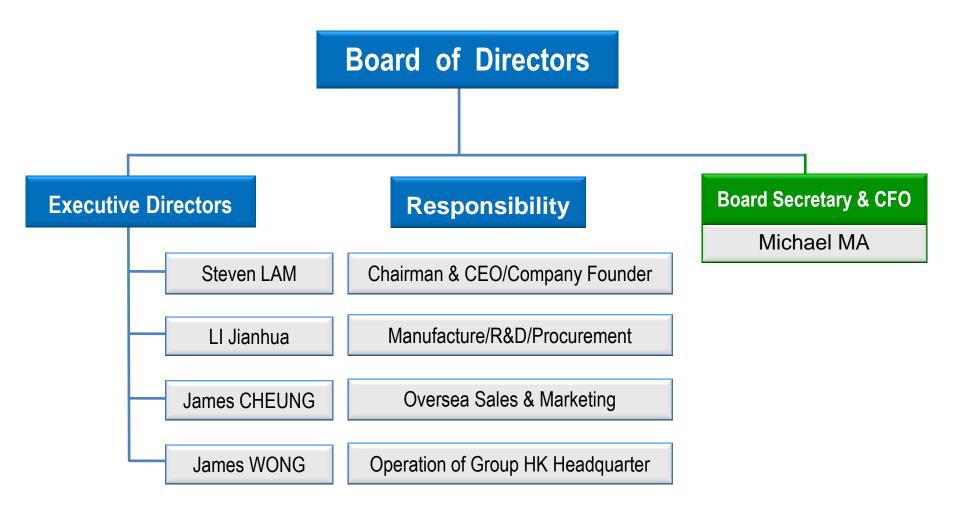

Ltd

Other Subsidiaries

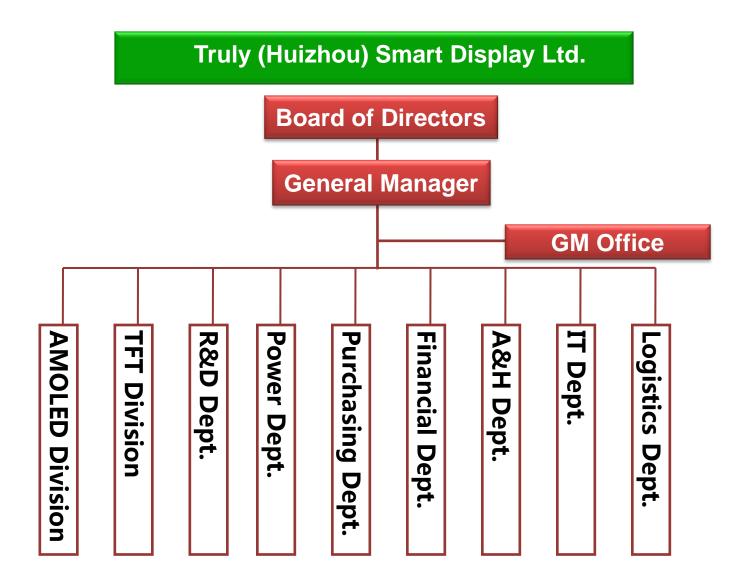

Truly **Electronics** Ltd

G4.5 Factory Profile

AMOLED

- \triangleright G4.5
- ➤ Substrate size
 730mm*920mm
- Substrate Thickness: 0.5mm, 0.7mm
- ➤ MP Time: Q4 2016 (for rigid)
- Capacity:
 30K Sheet/month
 (15K for rigid, 15K for flexible)
- ➤ 15K rigid about 620K/month for 5.5inch-FHD

TFT-LCD

- \triangleright G4.5
- ➤ Substrate size
 730mm*920mm
- Substrate Thickness: 0.5mm, 0.7mm
- ➤ MP Time: Q2 2016
- Capacity:

60K Sheet/month

Product Technology Outline

AMOLED

- > TFT backplane: Low Temperature Poly-silicon (LTPS)
- ➤ Pixel density up to 500 PPI
- ➤ Diagonal size up to 10.4inch(Below 10.4inch mainly)
- > Apply to Smartphone, Wearable, Automotive, Industrial and Medical display, etc.

dustrial and Medical display, et

TFT-LCD

- > TFT backplane: amorphous-silicon
- Pixel density up to 300 PPI
- Diagonal size up to 10.4inch(Below 10.4inch mainly)
- Apply to Automotive, Industrial and Medical display, etc.

Project Schedule—TFT-LCD

Time	Items	Status
2014.Q2	Factory design and equipment layout finished;	Completed
2014.Q3	Fab. building begin;	Completed
2014.Q4	PO for long term facilities;	Completed
2015.Q1	PO for short term facilities;	Completed
2015.Q2	Fab. building completion ;	Completed
2015.Q3	Clean room finished;	Completed
2015.Q4	Facilities move in; Facilities setup;	Completed
2016.Q1~ Q2	Machine set-up and Hot-run	In Progress
2016.Q2	Pilot and Mass production;	In Progress

Project Schedule—AM-OLED

Time	Items	Status
2014.Q2	Factory design and equipment layout finished;	Completed
2014.Q3	Fab. building begin;	Completed
2014.Q4	PO for long term facilities;	Completed
2015.Q1	PO for short term facilities;	Completed
2015.Q2	Fab. building completion ;	Completed
2015.Q3	Clean room finished;	Completed
2015.Q4 ~2016.Q1	Facilities move in; Facilities setup;	Completed
2016.Q2~ Q3	Pilot production;	In Progress
2016.Q4	Mass production;	

2015.06.12 Fab. Building Topping Out

2015.10.23 Equipment Move in

2015.11 Equipment Setup--AMOLED
